

**Frank Gates Insurance Note One or two medical-only claims can significantly increase your workers' compensation premiums for four years.**

Did you know there is a way to take control of your worker's compensation costs and negate the impact those medical-only claims have on your premiums?

BWC's \$15K Medical-only Program allows employers to pay up to \$15,000 on medical-only claims. This program gives the employer all the control over the cost that goes into the Experience.

You can pay all, a portion, or none of the medical bills of any one claim.

To enroll in this FREE BWC program, simply send an email/fax/letter with the following information to Lori Gruber:

1. Your intent to enroll in the \$15K Medical-only Program
2. Policy Name & Number
3. Tax ID Number
4. Requestor's Name, Title, and Contact Information
